

EXPERIENCE THE VERY BEST IN MEMORY CARE

The Watermark at Rosewood Gardens is an extraordinary community where residents thrive with friendly, encouraging support. Our caregivers receive advanced dementia care training so they know how to bring out the best in every individual. They start by getting to know each resident personally, recognizing their distinct preferences. They're committed to bringing joy to every moment on the resident's terms. Read on for more information then stop by and see how extraordinary memory care can be.

 THE WATERMARK
AT ROSEWOOD GARDENS

WATERMARK UNIVERSITY

We know that stimulating the mind and strengthening the body has enormous benefits at any age. That's why, as part of Watermark Retirement Communities®, we offer Watermark University. Our classes are interesting, fun and most are free and open to area seniors. Give us a call to enroll in a class or two.

HERB'S STORY

Herb is a retired Army Air Corps Pilot and Building Inspector from Oakland, CA. He loves to be active and thrives by being helpful to others. When Herb moved to The Gardens he immediately got to know Gary, our Maintenance Director and offered his services as a former building inspector. On many days you can find the two of them checking the fire extinguishers or making sure the temperature in our commercial freezer is at a steady zero degrees.

Herb has been known to charm everyone at our weekly happy hour with his poetry, knowledge of great music, a few dance steps and an antidote or two about flying around the world. At game nights, Herb enjoys the camaraderie of his neighbors and always pairs himself with a winning team for trivia or a good game of dice. Herb says one of the best things about living here is the garden area, where he can sit and enjoy the afternoon sun on his face after working with Gary, who respects Herb immensely and thoroughly enjoys Herb's advice and assistance.

The Watermark at Rosewood Gardens creates abundant opportunities for residents like Francis and Herb to share their unique passions with others and thrive.

FRANCIS' STORY

Francis retired from teaching years ago but she never lost that “can do” teacher attitude. She almost never misses a daily fitness class and she’s a regular in our *Storytelling Club* and *Current Events Discussions*. She doesn’t stop there. Francis also loves a good game of dominoes and signs up for many outings and excursions. She is an active member of the Resident Council and a great ambassador for the community. Francis makes sure all of our new residents feel welcome and know everything from how to order dinner to how to choose the best Watermark University classes. On top of everything else, she joined our new quilting group. Even though she says she has never made a quilt in her life, she’s excited to learn a new skill.

Francis tells us that many years ago she and her husband made plans for when the time came to move. Early on, they decided that The Watermark was the place. We’re so glad she’s here.

EXTRAORDINARY MEMORY CARE

We offer a friendly, residential neighborhood approach to memory care with just 23 residents. Our residents enjoy plenty of fun and friendship while receiving expert, individualized care from people who truly understand their needs and preferences. Families appreciate our safe, secure environment and high associate-to-resident ratio. Perhaps the best thing about life at The Watermark at Rosewood Gardens is that our associates are always focused on what residents *can* do, never on what they cannot. Here’s a little more about our community and the lifestyle our residents enjoy.

Strengths

Specialized instruction and training for associates

An entire team dedicated to promoting the physical, spiritual and social well-being of every resident

High caregiver-to-resident ratios
